

## History and Geography Year Group Overview

	Term 1	Term 2	Term 3	Term 4	Term 5	Term 6
Nursery	Nursery will touch on historical and geographical content throughout the year during each term and is explored through Understanding the World. Understanding of the World teaches the children about other people, the place in which they live and about other aspects of the environment. Children will be exploring similarities and differences within a language rich environment.					
Reception	Reception follow on very closely from the format experienced in Nursery and is explored through Understanding the World. However, children in reception will delve deeper into these themes within different terms.
